Morningside A and White Oaks C Neighborhood Roadway Reconstruction

Dear Resident:

Project Schedule:

- Early next week, crews will install 3-foot deep sump drain tile on Curve Avenue. Driveway disruptions will be minimal and the contractor will work with individual homeowners as necessary.
- Next week, crews will place new water main pipes on Sunnyside Road between Curve Avenue and France Avenue. Due to this work, Sunnyside Road will be closed periodically, please obey the road closed signs for the safety of the workers. This will close access to driveways for approximately one working day. A notice will be placed at your front door the day prior to the work.
- Signs for Sunnyside Road business access are in place directing customers to use the 44th Street alley.
- Next week, crews will begin installing concrete curbs and gutters on West 45th Street and Grimes Avenue. The next day, concrete driveway aprons will be poured. To allow enough time for the concrete to cure, driveways will be inaccessible for three days. The contractor will notify affected homeowners with a door hanger the day before the work occurs, which will list alternative parking areas. Between 7 p.m. and 7 a.m., vehicles will be allowed to park on one side of the street. Driveways will re-open once the concrete cures and a gravel ramp is added.
- Please put your garbage and/or recycling out prior to 7 a.m. on your collection day as haulers are trying to complete their rounds before road work is started for the day.

All schedules are weather-dependent and are subject to change.
